

the 24QD

Wouldn't it be nice to have everything you need to clean right with you?

Quietdrive +

PET UPSTAIRS DOWNS

Combining the cleaning performance of the central vacuum with electric brush systems provides the central vacuum owner with the ultimate in deep cleaning and a healthier home environment. This combination helps preserve the carpet's appearance and adds years to its expected life, adding to the value associated with central vacuum ownership. The one big draw back was realized when you needed to transition from the carpet to hard floor. To effectively clean hard floor surfaces the customer was compelled to retrieve a second

The innovative CT24QD is the first and only power nozzle that lets you move from carpet to hard floor in an instant.

UPSTAIRS DOWNSTAIRS HARDWOOD CARPET UPSTAIRS DOWNSTAIRS

wand and floor brush and reassemble their system for hard floor cleaning even if the hard surface area was relatively small. The revolutionary CT24 QuietDrive+® nozzle answers this problem with the first and only lift out hard floor brush allowing you to move from the carpet to hard floor cleaning and back again to carpet with the simple touch of the brush release pedal. Simple in concept, effective in use, and the ideal solution for use with any central vacuum system.

Quietdrive+

The CT24QD

The ideal compliment to your central vacuum system.

Quietdrive+

The double swivel neck helps you maneuver in, around, and under furnishings.

Features

UPSTAIRS DOWNSTAIRS HARDWOOD CARPET UPSTAIRS DOWNSTAIRS

Clear markings on the four feature control pedals of the CT24QD allow for fast and efficient use of your cleaning system.

Four position height adjustment is designed for effective cleaning of today's high performance carpets.

The positive height adjustment design keeps the agitator at the ideal height relative to carpet conditions.

Brushed edge cleaning means no dust left behind along baseboards.

Wide track over molded wheels run silent on hard floor surfaces and leave no tracks behind when grooming carpet surfaces.

The "Belt Reser" feature protects the electric motor from overheating when the brushroll becomes jammed

HARDWOOD CARPET UPSTAIRS

The natural fill brush and molded wheels clean and support the 10.75" floor brush on hard surfaces.

The double swivel neck travels with the brush providing for maneuverability on hard surfaces.

AIR HARDWOOD CARPET UPSTAIRS DOWNSTAIRS HARDWOOD

The molded bumper insures the CT24QD won't mar baseboards or furnishings as you take advantage of the brushed edge cleaning.

The poly "v" QuietDrive+ drive means lifetime durability and quiet operation. The attractive CT24QD also offers a low profile for easier maneuverability.

The positive handle release takes you from a stable parked position and activates the double swivel neck feature.

The lift out brush release takes you from carpet to hard floor cleaning in an instant.

Two photos in progression. The CT24QD quick release feature permits your use of the integrated telescopic wand for above-the-floor cleaning.
